#### Daniel Hila (Cohort 2018-2019)

In no small part because of the S Jay Levy Fellowship, I was able to make a strong application for a Fulbright scholarship to pursue my MA in Security & Diplomacy studies at Tel Aviv University in Israel. With my program now coming to an end, the last year of my life has unquestionably been the most exciting, enjoyable, exhilarating, and unique thus far.

I spent Holy Week in an Airbnb in the old city of Jerusalem, hiked the Galilee, Golan Heights, and the Negev desert, visited the major Palestinian cities in the West Bank, and did so much more. The experiences I've gained through Fulbright will stay with me forever, and I could not be more thankful to have had the assistance of the leaders in our S

Jay Levy Fellowship before coming here. Even in the time I have been abroad, in fact, I have been able to stay in regular contact with our fellowship leaders like Carlo Accetti and James Fontanella-Khan, as well as my fellow companions on the Student Alumni Board.

The S Jay Levy Fellowship is a strong force for upward mobility in City College, and I cannot wait to see the wonderful professionals it will produce. Together with the Alumni Board and leaders, I aspire to strengthen and expand on the program so that others may be able to benefit from it in the way I have.

## A Letter from Your President

"We hope to harvest that enthusiasm by offering more opportunities and resources that, sadly, earlier cohorts never had, at least, until now."

#### My Fellow Alumni:

Hope all of you had a wonderful and productive summer. As the fall approaches, the alumni board looks forward to hosting our annual guest speaker event and organizing networking activities. Over the past year, we had the opportunity to hold a few virtual events, and we loved seeing your engagement in each of them. While launching the pilot last fall, our peer mentorship program was largely successful thanks to the enthusiasm of our alumni mentors. Moreover, this summer we piloted internship site connections where we matched fellows with alumni who interned at the same site to give them an additional resource and support during their experience. Also, thank you for participating in the Alumni Board of Advisors Elections in the Spring of 2021 and for bestowing your trust by electing us once again; we are eager to work with you and deliver on our promises.

Of course, I would like to thank every alumna and alumnus that volunteers and continuously helps in each of our activities. We thank Lavie, Carlo, and James for their continued support, and extend our thanks and welcome to Layana Abu Touq for joining the team as the Alumni & Mentor Coordinator. Her experience as an alumna of the fellowship, a co-founder of an EdTech startup, and a grassroots organizer helps us realize our vision and develop the foundation for our alumni network. Going forward, we are confident in our ability to maintain a vibrant environment.

Furthermore, on behalf of our vice-president, Elizabeth Little, secretary, Jasmina Uka, and board members, Naomi Sukram, Zev Vel, and Daniel Hila, I would like to take this time to welcome our incoming alumni into our wonderful and growing community. Congratulations on completing your internships this summer; I heard nothing but fantastic stories from so many of you. We look forward to seeing more success as you continue to advance in your careers. With that said, when we began this journey as board members over a year ago, we strived to develop enduring interest in the fellowship beyond your one-year experience, and after seeing your eagerness and engagement as fellows, we hope to harvest that enthusiasm by offering more opportunities and resources that, sadly, earlier cohorts never had, at least, until now.

On that note, please do not hesitate to contact me at any time regarding any question, comment, or concern. You can find my email below.

Warm regards, Indrit Cami
